HYDRAULIC OIL TANK HT

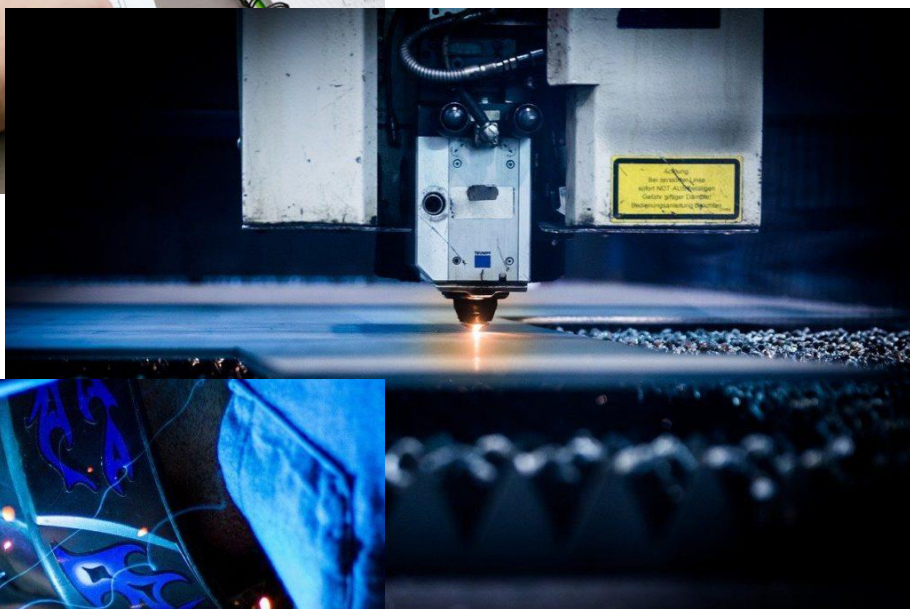

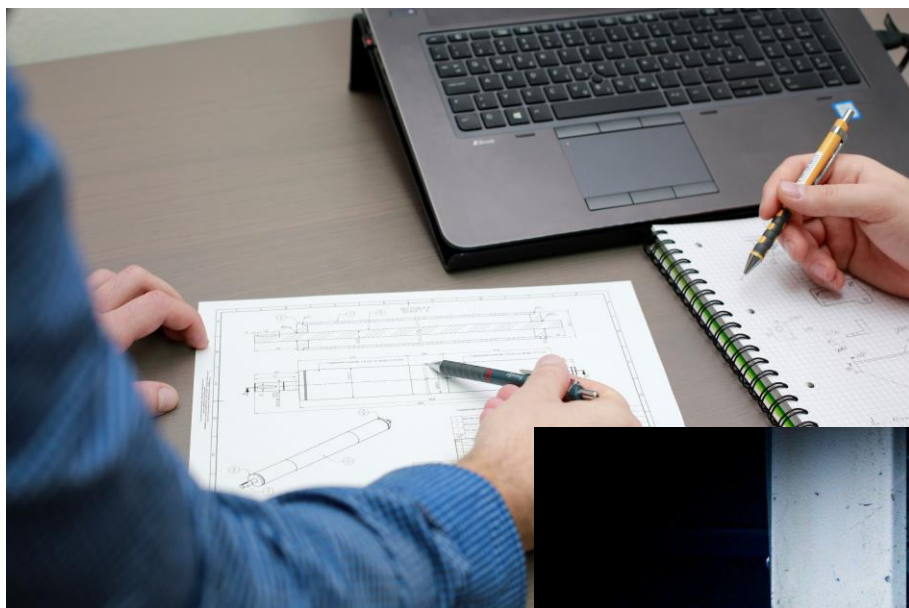

- Hydraulic oil tank together with steel cover, seal, inspection eye and oil drain plug for construction of hydraulic units;
- In addition, we can equip the tank with a pressurized breathing caps, cleaning hole, etc.
- We are also able to develop and deliver a complete hydraulic power unit according to customer requirements;
- The standard dimensions of the oil tank are shown in the table below; other dimensions and volumes are possible at the special request of the client.

Type	Dimension L x W x H [mm]	Inner height [mm]	Nominal volume [lit.]
HT/L-30L	550 x 375 x 375	275	38
HT/L-55L	550 x 400 x 450	350	57
HT/L-75L	550 x 400 x 550	450	78
HT/S-75L	550 x 400 x 550	450	76
HT/L-100L	700 x 400 x 550	450	99
HT/S-100L	700 x 400 x 550	450	97
HT/S-150L	750 x 550 x 600	500	147
HT/L-180L	800 x 600 x 600	500	175
HT/S-225L	900 x 600 x 650	550	214
HT/S-300L	900 x 700 x 700	600	281
